

Recovery Coaching Program

An affordable option to the high cost of Inpatient Treatment! This program was designed for those that are motivated for change and are seeking help and guidance to get into Long Term Sobriety. We initiate your Treatment program with an extensive phone consultation and assessment to create a personalized Treatment plan for you to follow. This program will be very similar to a Treatment plan you would receive if you had admitted into an Inpatient Treatment program. The only difference is that you are still at home, working, and taking part in your daily responsibilities and at a fraction of the cost.. We guide and support you throughout your treatment program with phone counseling sessions to process thoughts, feelings, and attitudes that directly related to your substance abuse. We also utilize treatment plans and assignments that include short and long term objectives are shared via Technology-Assisted communication i.e.: e-mail etc: You have everything to gain and nothing to lose by having one of our Certified Counselors guide and mentor you into ongoing long term sobriety !Call us today for your Free initial phone consultations. 1-888-557-0002 or e-mail us at successfulrecoveryolutions@gmail.com.
