

Their Stories

SRS asked if I'd like to comment on my experience with their coaching program. I told them that this program was absolutely the best thing I could have ever done! This program saved my life, my marriage, and my career. Not only have I been sober now for 14 months now, but I have a new way of doing life. I now have more realistic expectations of myself, others and of life and have obtainable short and long term goals in my life areas. I am so much happier and the last thing I want to do is screw up by picking up a drink or drug. By the way, they were right! You can have fun and be happy without using drugs or alcohol. I still use my counselor when I need to - when times get tough, which I'm so thankful for. I went to two inpatient Treatment Centers that I'm still making payments on three years later and wasn't able to stay sober for more than a month at a time and now I have a new way of life that doesn't include drugs ! Thank you SRS for being there for me!

Robert P.

SRS coaching program was best thing I ever did for myself and my Family. I worked with Tom E for three months and continue to work with him biweekly. I can't tell you how much it has changed my life. When I started I couldn't stay clean and just existed. I've been clean for 5 months and have never been so excited about my life or so happy. So, if you're thinking about trying their program, I would just say that it would be the best decision of your Life!

Elisabeth R.

I started working with Successful Recovery Solutions in the summer of 2009 and all I can say is I'm still sober and happier with my life than I ever thought I would be. I went to three high cost Treatment Programs and couldn't stay sober. I figured I didn't have much too much to lose financially and couldn't afford another In-house program nor did I want to go back to that type of program where they pretty much told me that it was our way or the highway if I don't do it their way, I would never get sober or stay sober. I enrolled in SRS's recovery program and (go figure!) I'm healthy, happy and sober 2 years later. I am so grateful I found Successful Recovery Solutions and can't thank them enough!

Justin W

I been in the program for 3mths now and I'm still clean. That pretty much says it all. Longest I've ever been clean and I love working with my coach and making positive changes in my life! Best thing I could have ever done!

Tony P

I'm currently in aftercare at Successful Recovery Solutions and I've been sober and clean 6 1/2 months. I actually for the first time believe I can stay clean and am excited about the future. It is so great to be able to pick up the phone when I have a problem and talk about whatever is going on. I think that's the big difference this time. I feel like it's my treatment plan that I created and SRS is there to help me with ways to deal with situations that come up and different ways to look at things without using drugs or alcohol. I learned so much about myself, my strengths, my weaknesses, coping skills, what triggers me to use and how to deal with cravings. I'm currently working on my relapse prevention plan and communication skills. It might sound funny, but I actually love learning how to live my life clean and sober. Love the program and everybody involved, best thing I've ever done.

Thanks,

Bill B.
